AGENDA - I

Cutting down the trees and other plantations come under the Proposed Site Plan area for Construction of Academic Building of Nabarangpur Women's Degree College Under Infrastructure Development Programme by World Bank Sponsored - Project (OHEPEE - Phase-II Assistance)

AGENDA - II

Installation of three phase power supply and shifting off the high tensioned three phase power line come across the College Campus.

AGENDA - III

Purchase of a Podium from MGNREGS assisted award money of Rs. 5000/-.

RESOLUTION : -

Under the above cited Agenda of discussion (Agenda - I) it was Unanimously resolved by the members of the Governing Body with due Consent of the Chairman that the existing trees on the Proposed building plan site shall be cut down - with due information to the Forest Department and its respective permission for forest clearance. The President, GB directed the Principal-cum-Secretary of the College to take initiative and intimate the Forest department to cut down the Plantation Pocket before Commencement -

of the Civil work and installation of three Phase Power Supply.

In Connection with the Agenda of discussion (Agenda-II) the Principal $\frac{1}{2}$ -cum-Secretary, Nabarangpur Women's Degree College apprised the members and the Honourable Chairperson that there are three high-tensioned three phase Power line come across the College Campus and those are installed long back more than two decades. These high tensioned wires not only hinder the Construction work of the College But also endanger the Safety and Security of the Students mass and the Staff members of the College. Now it is a right time that One of the three wires can be shifted to the Unused Pocket of the College building. This shifting will give a big boost to the infrastructure development of the College. The TPSODL Authority, Nabarangpur has given their due Consent ^{to allocate} and their total estimate for the said purpose.

After a Prolonged discussion the above matter the members of the GB along with the President, Governing Body resolved to go ahead to installation of the three-Phase Power Supply to the College along with shifting of the high tensioned three lined wire to give a big boost to the Construction of Academic Building.

Under Agenda of discussion (Agenda-III) the Principal-in-charge expressed her proud privilege that Nabarangpur Women's

- Degree College has been recognized as the College to have bagged Green Champion Award by the MGNCRE (Mahatma Gandhi National Council of Rural Education) under Swachhata Mapping. Rs. 5,000/- (Five thousand) has been assisted by the said department and it is decided by the Staff members of the College to purchase a Podium for the College.

All the members agreed with the above proposal and resolved that the Principal $\frac{1}{2}$ can buy a Podium for the College with the said assistance made by MGNCRE.

Finally the meeting ended with the vote of thanks by the Principal-in-charge - cum - Secretary to the President, Governing Body and members present in the meeting.
